***Because the value of spatial data is getting better day by day,
the geospatial sector has been growing in importance in recent years...***

- ✓ Geospatial Industry includes many sectors.
- ✓ There are many works in these sectors and spatial data is produced by these works.

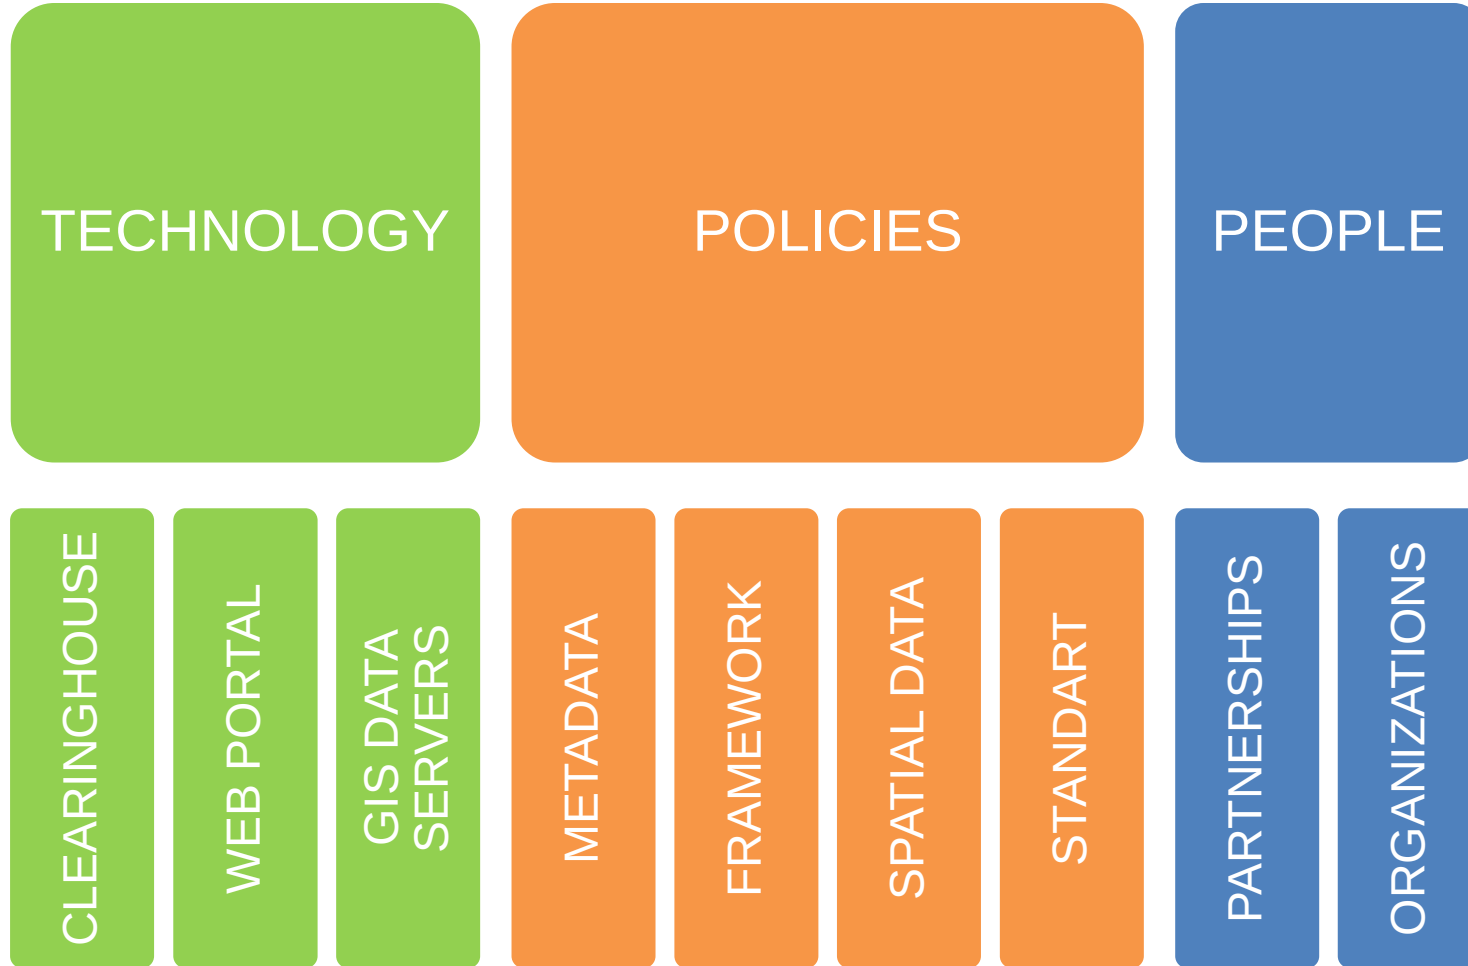

SPATIAL DATA SERVICES IN GIS PROJECTS

to obtain geographical data is very expensive and this data needs to be managed well.

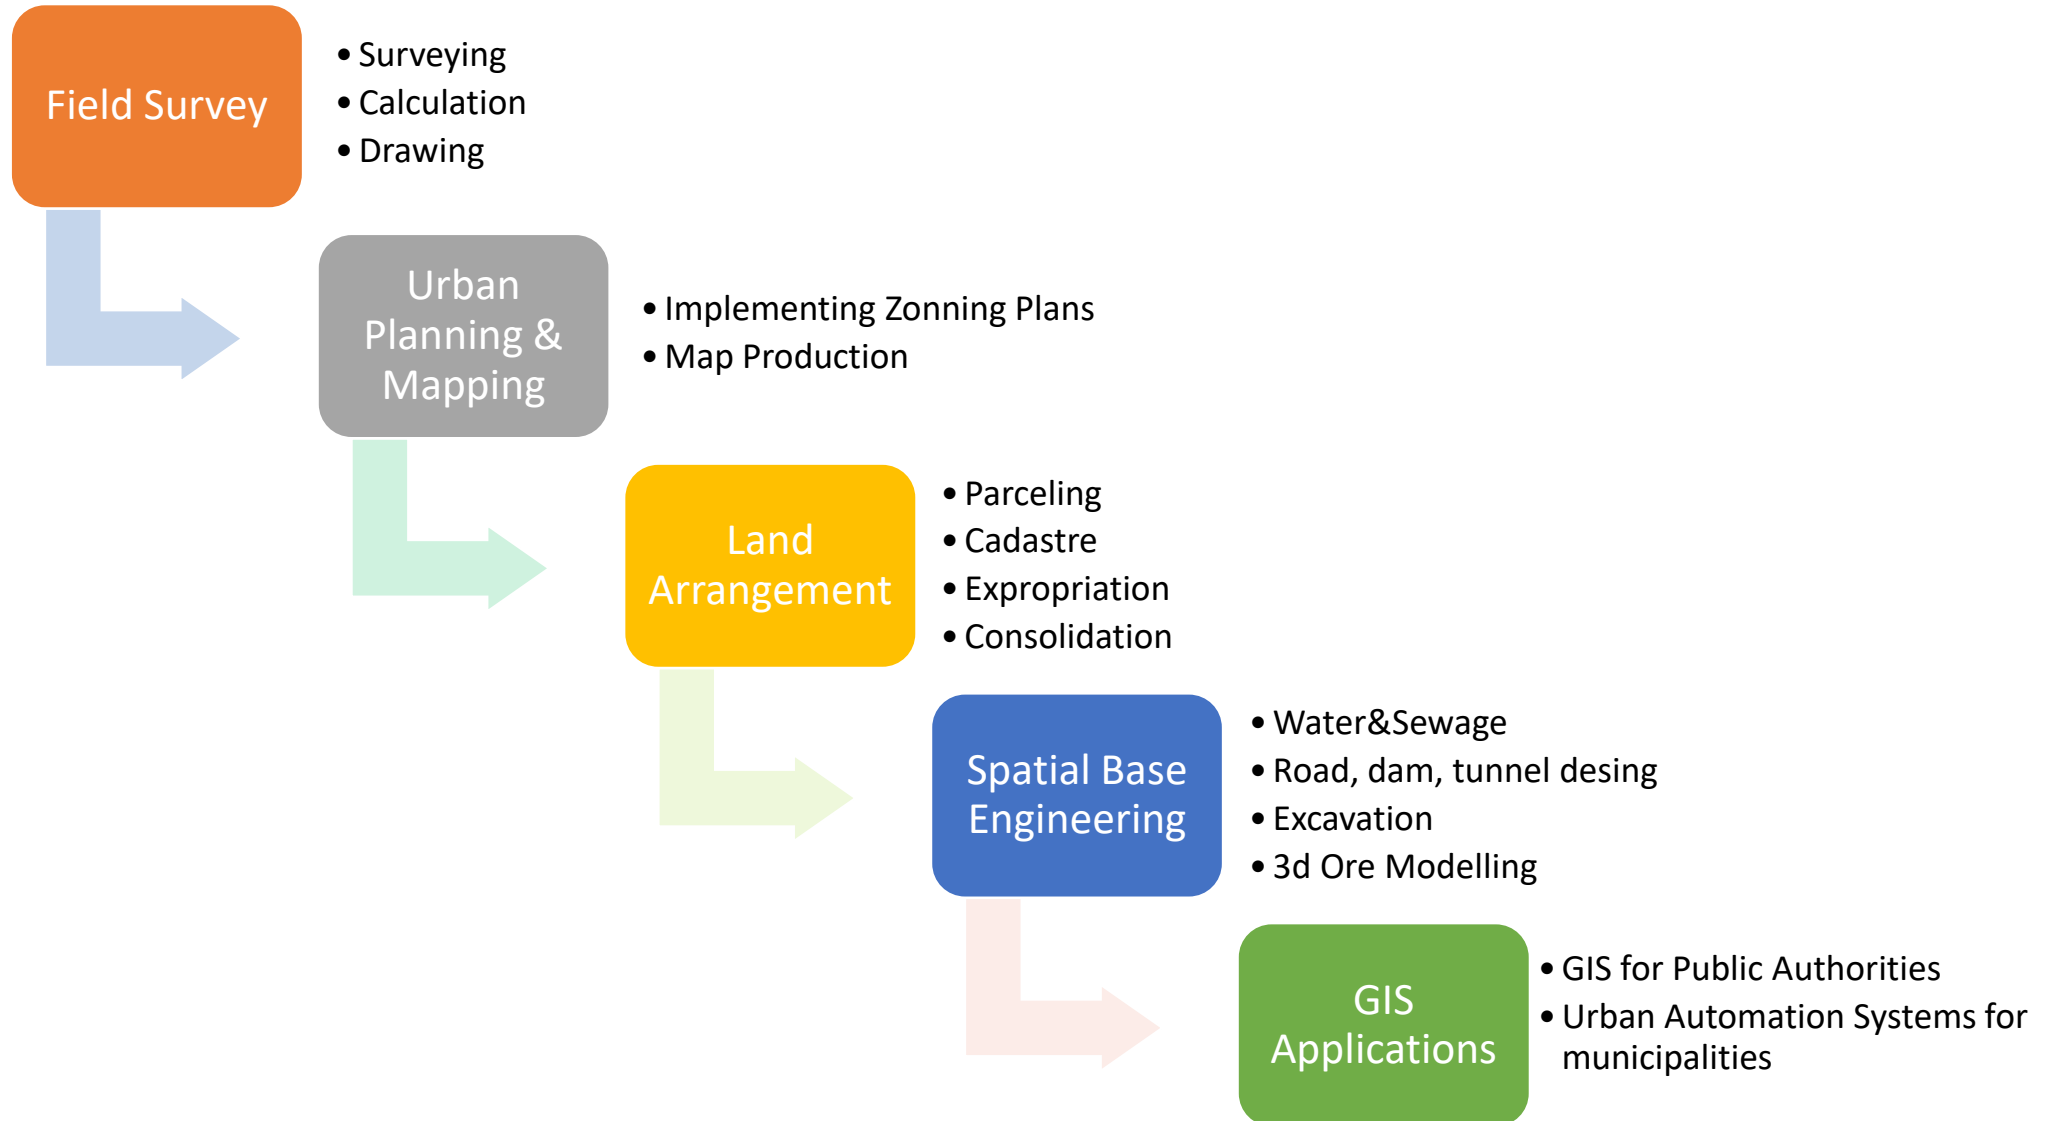

NSDI IS....

- ✓ *Netcad is directly involved in the technology component of NSDI*
- ✓ *Netcad has contributed to Turkey NSDI policy work as the private sector.*
- ✓ *Netcad also contributes to the training of NSDI staff*
